## Benefits

### On-demand assistance

Engage with Professional Services engineers for technical guidance when you need it.

### Flexible hours

Hours are not tied to a specific engagement timeline and can be used over a 12-month period. Ideal for first-time MFA implementations or multiple/longer-term deployments.

### Multiple methods of assistance

Hours can be utilized in multiple ways. Clients can either send questions and receive an email response or schedule calls with a Professional Services engineer.

### Easily expandable

Additional hours bundles can be easily purchased if needed.

### Comprehensive technical guidance

Professional Services engineers have expertise to help you with a variety of use cases, solutions and protocols, from first time MFA implementations to more complex Win/MacOS integrations.
